ABOUT COMPANY

Al Ismail Plastic Factory is a renowned entity within the plastic industry, recognized for its extensive expertise as a manufacturer, exporter, importer, and supplier of a diverse range of products. Our comprehensive selection includes a variety of plastic bags, warning tapes, PE rolls, stretch film, among others, available in multiple sizes and specifications to cater to different applications. As an established name in this sector, we possess a deep understanding of the varied requirements of our clients and are committed to fulfilling them with precision and efficiency. Our products are designed and manufactured to meet specific application needs, highlighting our commitment to quality and customer satisfaction.

The Plastic Film Products offered by our company are renowned for their exceptional quality by clients across the Gulf countries, India, China, and Turkey. The confidence our clients place in us is a testament to our global prominence. Moreover, we ensure that all plastic products are safely delivered to their final destination within the specified timeframe.

Owned by Abdullah Ahmed Al Ismail, who possesses 41 years of experience in the PE film industry, Al Ismail Plastic Factory is a distinguished name in the sector. Founded in 1983 and headquartered in Dammam, Eastern Province, Saudi Arabia, the company has established itself as a reliable manufacturer, exporter, importer, and supplier of a diverse range of products, specializing in delivering quality products.

WELCOME MESSAGE

Dear Valued Customers and Partners,

I am honored to welcome you to Al Ismail Plastic Factory, a testament to innovation, quality, and commitment in the plastic industry. As the Managing Director, I am privileged to lead a company with a rich heritage and a bright future, deeply rooted in the principles of excellence and customer satisfaction.

Founded in 1983 and spearheaded by the visionary Abdullah Ahmed Al Ismail, our journey began in Dammam, Eastern Province, Saudi Arabia. With over three decades of experience in the PE film industry, Abdullah Ahmed Al Ismail's expertise has propelled us to the forefront of the sector, establishing Al Ismail Plastic Factory as a beacon of reliability and quality. Our dedication to understanding and meeting the diverse needs of our clients has been the cornerstone of our success, allowing us to craft solutions that are not just products but pivotal components of our clients' operations.

Our product range, encompassing Plastic Bags, Warning Tapes, PE Rolls, Stretch Film, and more, is a reflection of our versatility and commitment to innovation. From the robustness of our Trash Bags and the precision of our Warning Tapes to the practicality of our Bakery Bags and the sustainability of our NOBLE CUPS, each product is designed with the client in mind, ensuring we meet their specific requirements with unmatched efficiency and quality.

The trust and confidence our clients from the Gulf countries, India, China, and Turkey place in us are not just a measure of our success but a constant reminder of our responsibility towards quality, reliability, and timely delivery. This global footprint is a source of immense pride and a catalyst for our ongoing commitment to excellence.

As we look to the future, our mission remains clear: to continue innovating, improving, and expanding our offerings, ensuring that Al Ismail Plastic Factory remains synonymous with quality and reliability in the plastic industry. Our team's unwavering dedication to meeting the evolving needs of our clients, coupled with our state-of-the-art manufacturing processes, sets us apart as a leader in our field.

Thank you for your continued trust and partnership. Together, we will continue to achieve remarkable milestones and contribute to a sustainable and prosperous future.

Warmest regards,
Raju George
Commercial Manager

OUR VISION

Our vision at Al Ismail Plastic Factory is to be the global leader in the plastic industry, setting the benchmark for excellence, innovation, and sustainability. We aspire to transform the landscape of manufacturing, exporting, and supplying plastic products by continuously advancing our technologies and practices. Our goal is to inspire a shift towards sustainable solutions within the industry, fostering an environment where quality meets responsibility. We envision a future where our products not only serve the immediate needs of our clients but also contribute positively to the global community, enhancing environmental preservation and promoting a culture of sustainability.

The background of the slide is a faded industrial scene. It features a large yellow crane or conveyor system structure in the center, with various pipes, metal frames, and machinery visible. The lighting is somewhat dim, giving it a professional, factory-like appearance. A solid red triangle is positioned in the top right corner, partially overlapping the industrial image.

OUR MISSION

Our mission is to provide our clients with unparalleled quality, efficiency, and service in the plastic industry. We are committed to understanding and fulfilling the diverse needs of our customers through a comprehensive range of high-quality products tailored to their specific applications. By leveraging our extensive expertise, innovative technologies, and a customer-centric approach, we aim to exceed expectations and ensure client satisfaction. We strive to maintain our reputation as a reliable manufacturer, exporter, and supplier by upholding the highest standards of integrity, transparency, and excellence. Our dedication to continuous improvement and sustainability guides our efforts to make a meaningful impact on the industry and the communities we serve.

OUR SERVICE

TEAM

At Al Ismail Plastic Factory, our team is the backbone of our operations, bringing together a wealth of expertise and dedication that drives our success. Led by Abdulla Ahmed Al Ismail, a visionary with over three decades of experience in the PE film industry, our team comprises skilled professionals in manufacturing, exporting, importing, and supplying. Each member is meticulously selected for their deep knowledge and passion for the plastic industry, ensuring that they contribute to our ethos of excellence and innovation. Our team's collaborative spirit and commitment to quality are evident in every product we deliver, making us a trusted name in the plastic sector. Their relentless pursuit of excellence and adaptability to the ever-evolving market demands are what enable us to meet our clients' diverse needs with precision and efficiency.

CUSTOMER

At Al Ismail Plastic Factory, we are deeply committed to ensuring the utmost satisfaction of our diverse clientele across the Gulf Countries, India, China, Turkey, and beyond. Our dedication to excellence is reflected in our continuous efforts to enhance production processes and our investment in cutting-edge technologies. Utilizing high-quality raw materials like LDPE, LLDPE, HDPE, and PP, we guarantee superior product quality. We understand the unique demands of our clients, offering customized production solutions to meet their specific needs precisely. This tailored approach, coupled with our commitment to timely delivery and strict quality standards, has helped us build strong, lasting relationships with our customers. Our focus is on exceeding client expectations, making every interaction with Al Ismail Plastic Factory a step towards their operational success and satisfaction.

MEET OUR TEAM

Abdullah Ahmed Al Ismail

Abdullah Ahmed Al Ismail, the CEO and visionary founder of Al Ismail Plastic Factory, brings over three decades of unparalleled expertise in the PE film industry. Since establishing the company in 1983, his leadership has been instrumental in its rise as a premier manufacturer, exporter, importer, and supplier of diverse high-quality plastic products. His deep industry knowledge and commitment to innovation, quality, and customer satisfaction have not only steered the company to success but also set benchmarks within the sector.

Abdul Aziz Ahmed Al Ismail

Abdul Aziz Ahmed Al Ismail, the General Manager of Al Ismail Plastic Factory, is central to the company's operational excellence and strategic growth. His forward-thinking management style and deep industry insight have been crucial in enhancing product quality, optimizing processes, and broadening the company's global footprint. Abdul Aziz is committed to maintaining high service standards, embracing market trends, and fostering innovation, thereby securing the company's leading position in the plastic industry. His leadership not only continues the legacy of quality and reliability but also emphasizes sustainability and customer-focused advancements, steering Al Ismail Plastic Factory towards a future of continued excellence and innovation.

Raju George

As the Commercial Manager, Raju George has been an integral part of the company since its inception in 1983. As a foundational member, his contributions have been pivotal to the company's growth and success. Raju's role as the backbone of the organization encompasses managing various sectors with unparalleled expertise and dedication. His strategic oversight and operational management have been crucial in navigating the company through its developmental phases and challenges. Raju's deep understanding of the business and the industry at large has enabled Al Ismail Plastic Factory to expand its reach and solidify its presence in the market. Recognized as one of the key reasons for the company's remarkable growth, his commitment and visionary leadership continue to drive the company forward, ensuring its sustained success and innovation in the plastic manufacturing sector.

OUR PRODUCTS

PLASTIC BAKERY BAGS

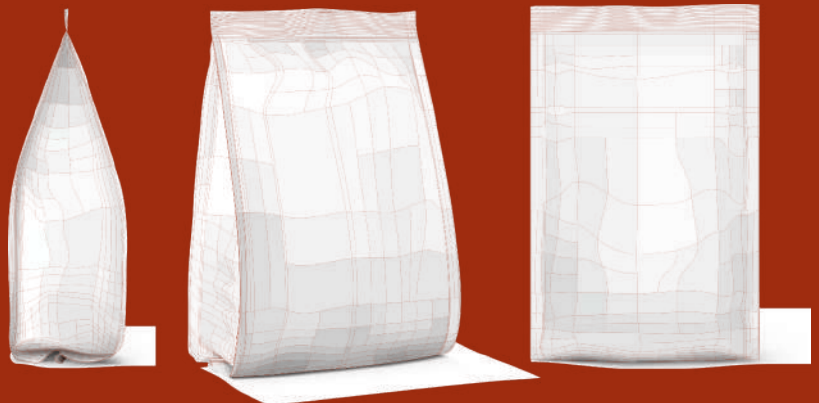

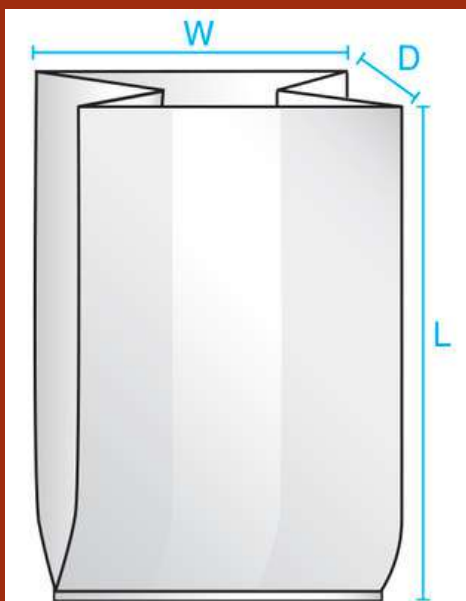

- **Versatile Use:** Ideal for carrying bakery items, fish, and vegetables, suitable for bakeries, grocery stores, and shopping centers.
- **Design Options:** Available in both printed and plain designs to match various business preferences.
- **Enhanced Design:** Features side sealing with bottom gusseting for increased capacity and strength.
- **Multiple Sizes and Colors:** Offered in a range of sizes and colors to meet diverse client requirements.
- **Durability:** Crafted for durability, ensuring long-lasting use in retail settings.
- **Functionality:** Combines practicality with quality, providing an essential tool for customer convenience.

OUR PRODUCTS

GUSSETED POLYETHYLENE BAGS

- **Material Quality:** Crafted from premium quality raw materials for durability and reliability.
- **Design Features:** Feature expandable sides and a fitted bottom to accommodate irregularly shaped items efficiently.
- **Size and Shape Variety:** Available in a diverse range of shapes and sizes to suit various packaging needs.
- **FDA Compliance:** Meet FDA requirements, ensuring suitability for food and medical packaging.
- **Density Options:** Offered in both high-density and low-density polyethylene to match specific product requirements.
- **Closure Options:** Available with closure options like twist ties, bag tape, or impulse sealers for secure sealing.
- **Customization:** Capable of providing customized dimensions to meet precise customer specifications.

OUR PRODUCTS

WARNING TAPES

As a trusted Manufacturer, Exporter, and Supplier, we offer an array of PE Warning Tapes, recognized for their quality and reliability. Crafted from SABIC 100% virgin PE material, these tapes are produced through stringent quality processes to ensure durability and effectiveness. Available in various sizes, colours and specifications, our Warning Tapes meet a wide range of needs, catering to different applications with precision. Our commitment to quality and versatility makes our warning tapes an essential choice for clients seeking dependable marking solutions.

- Standard widths: 7.5, 10, 12, 15, 20, 30, and 45cm
- Thickness 40 to 250 micron
- Can be customised according customer specifications.

OUR PRODUCTS

DETECTABLE WARNING TAPES

Our Underground Detectable Warning Tapes are not only designed for safety and clarity but are also built to last. Here's a simplified overview of their features:

- **Size & Length:** Available in 150mm width with lengths of 300 or 305 meters. Choose from thicknesses of 100, 125, and 150 microns to match your project needs.
- **Durability:** Created for direct burial, these tapes are tough enough to withstand underground conditions for a very long time.
- **Materials:** Featuring a durable combination of an aluminium sheet, PE, and PET/OPP materials, making the tape strong and detectable.
- **Visibility:** Brightly colored with warnings in Arabic and English for easy spotting and reading.
- **Utility Identification:** Clearly indicates the type of utility line below, such as gas, water, or electricity, to prevent accidental damage during excavation.
- **Longevity:** Engineered to last, with a minimum lifetime of 30 years, ensuring long-term safety and reliability.

Ideal for construction and utility projects, these tapes provide a reliable way to mark and protect underground utilities, ensuring both are safeguarded for decades.

OUR PRODUCTS

BARRICADE TAPES

Our Barricade Tapes offer a durable and visible solution for marking hazardous areas, ensuring safety and compliance in various settings. Made from non-adhesive polyethylene, these tapes are designed for long-lasting reliability and are sturdy enough for both indoor and outdoor use. Our range includes tapes in widths of 7.5cm, 10cm, 12.5cm, and 15cm, each extending to a length of 200 meters. The tapes feature printed caution messages that repeat along the length on one side, available with a variety of warnings to meet specific safety requirements.

Key Features:

- **High-Quality:** Crafted from heavy-duty polyethylene plastic, our barricade tapes are tear-resistant and waterproof, boasting bright colors for high visibility. The bold printed warnings enhance safety and protection, making them an essential tool for hazard communication.
- **Cost-Effective:** These tapes offer an efficient way to demarcate potentially dangerous areas at construction sites, hazard zones, and traffic control areas, providing a practical solution for safety management.
- **Eco-Friendly:** Our commitment to sustainability is reflected in our biodegradable barricade tapes, which allow for the creation of durable temporary barriers with minimal environmental impact. These tapes are particularly suitable for use in ecologically sensitive areas.
- **Versatile Application:** Ideal for alerting workers or visitors to dangerous zones, our barricade tapes serve as an effective method for setting perimeters and indicating restricted access to prohibited areas. Their versatility allows for easy attachment to posts, fences, or metal barricades using ties, nails, or staples.

With a focus on safety, visibility, and environmental responsibility, our Barricade Tapes are an essential component for effective hazard management and area demarcation.

OUR PRODUCTS

POLYETHYLENE SHEETS

Our Polyethylene Sheets, ideal for construction, come in thicknesses ranging from 25 to 1000 microns, with options for zero tolerance or with tolerance. They are available up to a maximum width of 400 cm, and the length of each sheet roll is custom-made to meet specific requirements. Suitable for covering wood, furniture, carpets, mattresses, and other objects, these sheets can be either plain or printed. For special purposes, we also offer sheets with added UV resistance, enhancing their durability and protection against the elements.

BIOMEDICAL WASTE COLLECTING BAG

Our Biomedical Waste Collecting Bags are specifically designed for the safe and efficient collection of biomedical waste. Manufactured using 100% virgin LLDPE material, these bags maintain their quality and shine over an extended period, ensuring durability and reliability. Highly sought after across our client base, these collection bags are available at a competitive price, reflecting our commitment to providing high-quality solutions at cost-effective rates.

No	Sizes in cms	Thickness in Micron	Colour	Packing
1	86x39x13+13	35	Dark Red	45 pcs
2	86x39x13+13	100	Yellow	25 pcs
3	100x47x19+19	40	Golden Yellow	40 pcs
4	100x47x19+19	35	Yellow	40 pcs

OUR PRODUCTS

INFECTIOUS MEDICAL WASTE BAG

In addition, we provide a specialized range of Infectious Medical Waste Bags designed for the disposal of infectious waste from hospitals and labs. These bags are specifically engineered for the containment of infected medical waste, ensuring safety and hygiene. Available in the commonly used colors of Red and Yellow, our Infectious Medical Waste Bags are durable, cost-effective, and can be customized in various sizes to meet specific client requirements.

OUR PRODUCTS

PLASTIC TRASH BAG

Al Ismail Plastic Factory is the leading regional manufacturer and supplier, specializing in producing Trash Bags using SABIC® 100% virgin material, including LLDPE, LDPE, and HDPE. Our range is extensive, offering a variety of sizes to meet all needs. Our selection includes both heavy-duty and thin trash bags, available in multiple colors and sizes, suitable for a wide array of applications. Known also as Garbage Bags, Bin Bags, or Bin Liners, our products ensure durability and reliability for effective waste management in residential and commercial settings. Additionally, our bags are available in capacities to accommodate various requirements: 5 gallons, 8 gallons, 10 gallons, 20 gallons, 30 gallons, 50 gallons, 55 gallons, 70 gallons, 80 gallons, and 100 gallons, providing versatile solutions for all waste disposal needs.

OUR PRODUCTS

LAUNDRY BAGS ON PERFORATED ROLL

Our portfolio includes the manufacturing and supply of Plastic Laundry Bags, available in both printed and plain designs. These bags are perfectly suited for carrying dry-cleaned clothes, making them an ideal choice for laundry service providers. Crafted for convenience, our Plastic Laundry Bags are featured on perforated rolls for easy dispensing and are widely utilized across various laundry settings. We offer the flexibility to customize these bags in a range of sizes and colors, catering to the specific needs and preferences of our clients. Designed for durability and ease of use, our laundry bags ensure the safe and stylish transport of garments.

OUR PRODUCTS

SUFRA

Our Plastic Sufra Food Serve Sheets, available in sizes 100x100mm, 110x110mm, 120x120mm, and 140x140mm, are crafted from high-quality LD/HD material, combining hygiene with convenience for an ideal serving solution. Designed for households, catering, and food establishments, these disposable sheets suit any dining occasion, simplifying cleanup. Each roll features perforation for easy tearing, and comes in standard print, offering both practicality and aesthetic appeal. Available in various sizes, customisable prints and eco-friendly options, our sufra sheets elevate dining experiences by ensuring cleanliness and ease of use.

OUR PRODUCTS

HDPE SHOPPING BAGS

Our HDPE and LLDPE/LDPE Shopping Bags are crafted to meet the highest quality standards, utilizing premium materials in compliance with industry norms. Available in a variety of specifications and styles, these bags are designed to fulfill diverse customer needs. We also provide customization options, including the addition of printed logos and details, to offer a personalized touch for your brand. Priced competitively, our shopping bags combine affordability with quality, making them an attractive choice for consumers. As a leading manufacturer for major shopping centers, we set the benchmark for quality in our products, ensuring that each bag we produce is durable, reliable, and stylish.

OUR PRODUCTS

PRINTED LONG TRAILER COVER SHEET

Our Printed Long Trailer Cover Sheet is meticulously designed to offer superior protection for trailers, ensuring their contents remain secure and sheltered during transit. Crafted from 100% virgin PE material sourced from SABIC, this cover sheet combines durability with high-quality performance.

Key Features:

- **Material:** High-grade 100% virgin PE (SABIC), known for its strength and resilience.
- **Sheet Width:** The cover sheet spans a generous width of 370 cm, accommodating a wide range of trailer sizes.
- **Color Options:** Primarily available in white, with the flexibility to customize the color as per your requirements.
- **Print Details:** Features a repeated print on one side, allowing for brand visibility or identification marks.
- **Roll Length:** Comes in a standard roll length of 110 meters, ensuring ample material for comprehensive coverage.
- **Thickness:** The sheet has a thickness ranging from 95 to 100 microns, offering robust protection against the elements.
- **Core Length:** The core of the roll measures 100 cm, facilitating easy handling and application.

Ideal for a variety of transportation needs, our Long Trailer Cover Sheet is the perfect choice for businesses seeking reliable, high-quality coverage with the added benefit of customization.

OUR PRODUCTS

PE PLASTIC WRAPPING ROLL

Our PE Plastic Wrapping Rolls are designed for superior protection and versatility, making them an essential choice for industrial packaging needs:

- **Material Quality:** Made from 100% virgin PE material, ensuring durability and strength for secure wrapping.
- **Customizable Sizes:** Available in widths of 7.5cm, 10cm, 12.5cm, and 15cm, with roll weights of 3.5kg and 5kg. We also accommodate custom size requirements to meet specific packaging needs.
- **Versatile Applications:** Ideal for wrapping aluminium profiles, steel wire, steel profiles, and other industrial materials, providing reliable protection against dust, moisture, and damage during storage or transport.

Our PE Plastic Wrapping Rolls combine quality with functionality, offering a dependable solution for a wide range of industrial packaging challenges.

OUR PRODUCTS

SAFETY NETTING

Our Barrier Fencing is designed primarily to enhance safety and minimize accidents at work sites by serving as a warning and signaling tool for obstacles, road work, building sites, crowd control, hazard notification, and temporary barricades for event management, among other uses. Available in a vibrant palette of Orange, Yellow, Blue, Green, and Black, our safety netting caters to diverse requirements for visibility and caution. Tailored to meet specific needs, we offer customization in the length and width of our netting products, ensuring versatility and effectiveness in a variety of settings.

OUR PRODUCTS

JERRY CANS

Our Jerry Cans, available in 5, 20 and 30-liter capacities, are manufactured from HDPE 100% Virgin Blow Moulding Grade material sourced from SABIC, ensuring the highest quality. Tailored to meet diverse application needs, these cans are offered in a variety of colors based on customer requirements. They exhibit excellent corrosion and chemical resistance, making them suitable for a wide range of uses. Designed to be durable and dent-free, our Jerry Cans come with tight-fitting lids to ensure a leak-proof experience. Additionally, their design prioritizes ease of handling and storage, making them an ideal choice for efficient and safe liquid transportation.

OUR PRODUCTS

PE FILM ROLLS

Our PE Film Rolls are crafted to meet the highest standards of quality, designed for versatility across a myriad of industrial applications. Made from premium PE granules and adhering to strict industrial guidelines, these rolls are rigorously tested to ensure their reliability and durability. Suitable for diverse uses in various industries, we offer these high-grade PE Film Rolls at competitive market prices, ensuring our clients receive both quality and value.

OUR PRODUCTS

AIR BUBBLE WRAP

Our Air Bubble Film, made from low-density polyethylene, is a versatile packaging solution widely utilized in various industries including flower shops, furniture, and metalworking. This film is specifically designed to offer superior protection for objects against scratches, impacts, and shocks. It is suitable for both internal and external packaging needs, ensuring the safety and integrity of the product during transport and storage.

Key Specifications:

- **Bubble Diameter:** Available in 10mm and 30mm sizes to cater to different cushioning requirements.
- **Size Range:** Customizable dimensions starting from a minimum of 50mm x 50mm, up to a maximum width of 1500mm and length of 5000 meters in roll form, allowing for flexibility in packaging size and application.
- **Protection:** The air bubble film provides an excellent protective layer, safeguarding items from potential damage while maintaining their pristine condition.

Ideal for a broad spectrum of applications, our Air Bubble Film is engineered to ensure your products are securely wrapped and preserved, making it an essential packaging material for businesses looking for reliable protection.

OUR PRODUCTS

PVC CLING FILM (FOOD GRADE)

Our PVC Cling Film, of food-grade quality, is an exceptional choice for wrapping a variety of food products including vegetables, fruits, and meats. Made from high-quality PVC material, this cling film stands out for its glossiness and clarity, ensuring that the wrapped items are not only securely preserved but also presented in an appealing manner.

Product Specifications:

- Material: High-quality PVC, suitable for direct food contact.
- Application: Ideal for wrapping a wide range of food items to maintain freshness and quality.
- Features: Glossy finish and superior clarity for an appealing presentation of food products.
- Available Sizes:
 - Width: 300 mm and 450 mm options to accommodate different wrapping needs.
 - Thickness: 11 microns for both width options, ensuring durability and stretchability.
 - Length: Available in rolls of 1300 meters and 1500 meters, providing ample film for continuous use.

Our PVC Cling Film is designed to meet the high standards required for food safety and presentation, making it a vital product for culinary professionals and households alike.

OUR PRODUCTS

LDPE STRETCH FILM FOR PALLET WRAP

Our LDPE Stretch Film is an indispensable solution for pallet wrapping, catering to the needs of securing bulk goods during transportation or while in warehouse storage. This film is highly valued for its lightweight yet durable nature, providing strong tenacity and excellent puncture resistance. Its self-adhesive quality ensures a secure wrap, effectively safeguarding items from movement and damage.

Specification:

- Usage: Ideal for both hand wrapping and machine-assisted pre-stretch applications, offering versatility in packaging processes.
- Material: Made from LDPE, known for its durability and flexibility.
- Properties: Features include light weight, strong tenacity, excellent puncture resistance, and effective self-adhesiveness, ensuring goods are securely wrapped and protected.

Our LDPE Stretch Film is designed to meet the rigorous demands of pallet packing, providing a reliable and efficient solution for the transportation and storage of bulk goods.

PAPER CUP

Introducing NOBLE CUPS, our line of premium paper cups, designed for those who seek quality and reliability in their disposable drinkware. Each NOBLE CUP is crafted to meet the highest standards of functionality and aesthetic appeal, ensuring your hot beverages are served perfectly every time.

Product Specifications:

- **Size:** 9 oz
- **Dimensions:**
 - Top Diameter: 74 mm
 - Bottom Diameter: 51 mm
 - Height: 94 mm
- **Packing:** 20 packs of 50 pcs each
- **Print:** Available in 2 color options, offering a visually appealing design.
- **Material:** We use high-quality Food Grade Paper sourced from Korea, guaranteeing safety and durability. Our paper cups stand out for their sturdiness and leak-proof quality, making them ideal for coffee, tea, soup, and other hot beverages.
- **Customization:** NOBLE CUPS offers the option for custom printing, allowing businesses to feature their logo and design on the cups. This personalized approach ensures that our cups not only meet the practical needs of serving hot drinks but also serve as a marketing tool for your brand.

Choose NOBLE CUPS for your hot beverage needs and experience the perfect blend of quality, design, and functionality.

OUR PRODUCTS

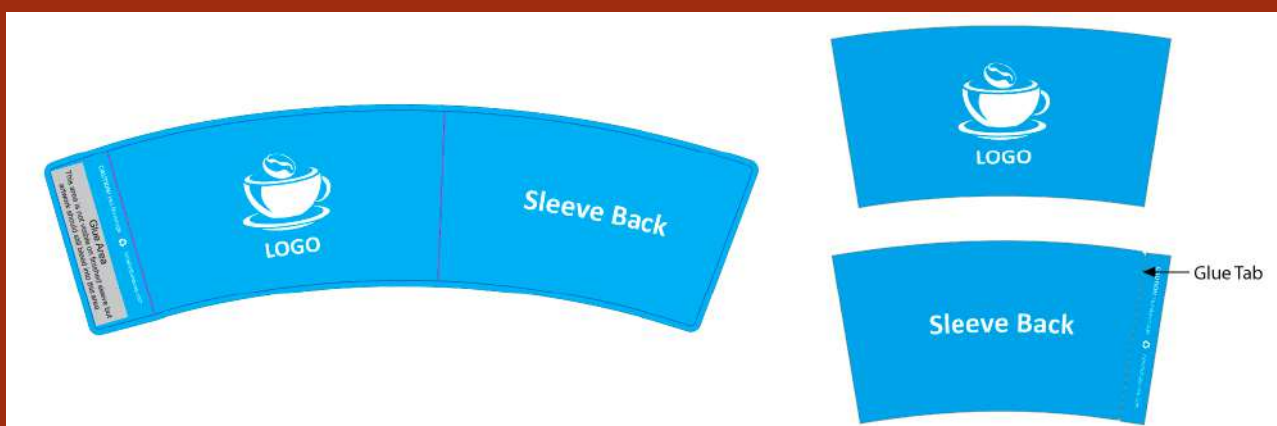

PAPER CUP SLEEVE

Our customizable Paper Cup Sleeves offer a perfect blend of functionality and branding opportunity for your hot coffee cups. Designed to fit 9 oz capacity cups, these sleeves provide comfort and protection from hot beverages, enhancing the customer's experience. Crafted from 100% virgin, food-grade materials, our paper cup sleeves prioritize health and safety without compromising on quality.

Key Features:

- **Customization:** Tailored to feature your custom logo, our disposable coffee cup sleeves serve as an excellent marketing tool, allowing your brand to stand out.
- **Printing:** We offer 1-2 color flexographic printing, enabling detailed and vibrant designs that reflect your brand's identity. You can supply your design model, and we will bring it to life on our sleeves.
- **Quality and Price:** High-quality materials at a low price point make our paper cup sleeves an economical choice without sacrificing quality.
- **Eco-Friendly:** Our sleeves are biodegradable, aligning with eco-conscious practices and catering to customers who value sustainability.
- **Packaging:** For convenience and protection, our paper cup sleeves are packaged in cartons and wrapped in plastic film, ensuring they arrive in perfect condition.

Choose our Paper Cup Sleeves for a practical, economical, and impactful way to serve hot beverages while promoting your brand.

OUR PRODUCTS

VEGETABLE BAG ON ROLL

Our Vegetable Bags on Roll are crafted to meet the diverse needs of supermarkets, retail stores, department stores, shopping malls, grocery stores, and daily household use. Designed for convenience and sustainability, these bags are perfect for a variety of purposes, including shopping, promotions, and grocery storage.

Key Features:

- **Material:** Made from LDPE/HDPE/LLDPE, these bags incorporate 100% virgin PE material, ensuring strength and durability. Additionally, we offer an option with a biodegradable additive, catering to eco-conscious consumers and businesses looking to minimize their environmental footprint.
- **Customization:** We provide the flexibility to customize the size of the plastic bags to perfectly suit your specific requirements, offering a tailored packaging solution.
- **Thickness:** Available in a range of thicknesses from 10 to 100 microns, allowing you to choose the ideal thickness based on your needs.
- **Printing Options:** Choose between printed and non-printed options to match your branding and marketing strategies. Our printing capabilities include high-quality designs that can feature your logo or any other client-specific requirements.
- **Usage:** Ideal for a wide array of applications, from carrying vegetables and groceries to serving as promotional items. These bags are designed for versatility, ease of use, and convenience in a retail setting.
- **Logo Customization:** We provide personalized branding options, enabling you to incorporate your logo or any desired design to enhance brand visibility and customer engagement.

Our Vegetable Bags on Roll combine functionality with environmental responsibility, offering a reliable and customizable solution for your packaging needs.

OUR PRODUCTS

ICE PACKING BAG

Our Ice Packing Bags are specifically designed to meet the needs of efficiently packaging and transporting ice. Made from high-quality, durable materials, these bags ensure that ice stays frozen longer, reducing melt and leakage during transit. Here are the key features:

- **Material:** Constructed from strong, leak-resistant materials to prevent punctures and tears, ensuring that the contents remain secure.
- **Size Variability:** Available in various sizes to cater to different quantities, from small retail packages to large bulk orders, with the option for customization based on customer requirements.
- **Sealability:** Equipped with secure sealing options to keep ice well-contained and minimize exposure to external temperatures.
- **Durability:** Designed to withstand low temperatures and resist brittleness, making them ideal for freezer storage.
- **Transparency:** Clear bags are available to allow easy identification of contents, enhancing user convenience.
- **Eco-Friendly Options:** Eco-conscious choices are available, featuring recyclable or biodegradable materials, aligning with environmental sustainability efforts.

Our Ice Packing Bags are the perfect solution for businesses in the food service, retail, and event sectors, providing a reliable way to handle and transport ice safely and efficiently.

OUR PRODUCTS

WOODEN AND PLASTIC STIRRER

Our range of stirrers includes both wooden and plastic options, designed to cater to various preferences and uses, from coffee shops and restaurants to office break rooms and events.

Wooden Stirrers: Made from sustainably sourced wood, our wooden stirrers are an eco-friendly choice for those looking to minimize their environmental impact. These stirrers are strong, smooth, and completely biodegradable and compostable, making them a popular choice for eco-conscious businesses and consumers alike. Ideal for stirring hot beverages like coffee and tea, they offer a natural, rustic aesthetic that enhances the drinking experience.

Plastic Stirrers: Our plastic stirrers are crafted from high-quality, durable plastic, ensuring longevity and resistance to heat. Available in a variety of colors and designs, these stirrers provide a practical and economical solution for any setting. They are perfect for mixing drinks, including hot and cold beverages, and their lightweight nature makes them ideal for use in takeaway services. For businesses looking to reduce their environmental footprint, we also offer stirrers made from recyclable or biodegradable plastics.

Both our wooden and plastic stirrers are designed with functionality and convenience in mind, ensuring a smooth, enjoyable experience for your customers. Whether you prefer the traditional appeal of wood or the versatility of plastic, our stirrers meet the highest standards of quality and reliability.

OUR PRODUCTS

POULTRY CHICKEN BAG

Our Poultry Chicken Plastic Bags are tailored to ensure optimal freshness and hygiene for poultry products, from farm to table. Designed with the industry's needs in mind, these bags offer both individual and bundled packaging solutions:

- **High-Quality Material:** Crafted from 100% virgin, food-grade plastic for durability and safety.
- **Hygiene and Safety:** Designed to maintain the highest standards of cleanliness, preventing contamination.
- **Customizable Sizes:** Available in a variety of sizes, with custom options to meet specific requirements.
- **Clear Visibility:** Clear plastic options for easy identification, enhancing consumer trust.
- **Bundled Packaging:** Available as bundles tied with steel wire for efficient handling and transportation, ideal for wholesalers and retailers managing large volumes.
- **Secure Bundling:** Steel wire ties ensure bundles remain secure during transit, adding an extra layer of durability.

These features combine to make our Poultry Chicken Plastic Bags a comprehensive packaging solution, emphasizing quality, safety, and convenience for poultry processors, retailers, and wholesalers.

Bag Size : 72.5 cm
